## QRS Music Technologies, Inc. Introduces Pianomation OT a Portable Player Piano System

PNOMation OT turns any piano into a PNOmation player piano in minutes.

Seneca, PA, September 5, 2018 (Newswire.com) - QRS Music Technologies, Inc. (OTC: QRSM), a leader in the design, manufacture and distribution of piano-based audio, digital and multimedia products, music, piano technologies, Story & Clark pianos, and other digital audio accessories, announced the release of PNOmation OT (*Over the Top*). The worlds only portable player piano system.

Two models are available; the *PNOmation OT - Home* and *PNOmation OT - Workshop*. The Home version includes access to the QRS player piano library. The Workshop version focuses its use as a tool used in workshops, factories and recording studios. It can be used to break in actions and/or interact with MIDI for recording studios. Included application specific content, widgets and reporting make the workshop studio tasks simpler and thorough.

Built on the PNOmation platform it inherits the features and benefits of QRS's best selling player system. Any Wi-Fi enabled device can access and control the PNOmation OT. The music library, continuously built since 1900, is world renowned and available to customers with the home edition. The PNOmation OT comes with travel cases that make it easy to ship and move around.

*"We have integrated the technology of our top selling player piano system "PNOmation" into a model that is portable. It will turn any piano into a player piano in minutes. Setups are a snap and performances, from the top of the keys, are simply amazing. Its use as a tool for recording studios and piano workshops allow flexibility not possible before without an installed system. We are excited for our customers to experience our new player - PNOmation OT."*
