To the Editor:

We must ask you to correct an error in the article, "In 'Westworld,' the Player Piano is a Main Attraction" by Mike Ayers, dated October 17, 2016. QRS Music Technologies produced only one piano roll for the HBO series "Westworld," in May 2016, before HBO's requirements exceeded our abilities. All subsequent Westworld rolls, including the rolls mentioned in your article (Soundgarden's "Black Hole Sun" and Radiohead's "No Surprises") were manufactured by our friend Tim Baxter of Meliora Music Rolls, Atlanta, GA.

Regards,

Thomas A. Dolan, CEO
